

## How to get to the Hotel Zirmes in Moena

If you are coming from Trento, take the Eгна motorway exit. Follow signs for Cavalese. You will pass through the towns of Montagna, San Lugano and, lastly, Stazione where you will find a fork in the road leading to either Cavalese or Val di Fassa; stay on the left and follow signs for Val di Fassa. The road goes right down to the valley floor; go straight on until you reach Moena, but...

At the roundabout take the second exit, **following signs for Canazei**, as Moena's town centre is closed to traffic.

**Do not go into Moena.** Take the new ring road and continue straight on until you reach the next roundabout...

At said roundabout, take the first exit, continuing to **follow signs for Canazei**. You will immediately find a tunnel, at the end of which there is the last roundabout...

This last roundabout means that you're almost there.

Take the second exit, **following signs for Moena zona rossa**, and drive down towards the Hotel Zirmes. You are on *strada Pecè*, or Pecè road; the hotel is on your left ...

The Hotel Zirmes is on your left, in a position slightly elevated from the road.

**ATTENTION:** if you go straight on, you will enter Moena exactly in the point where access is forbidden to vehicles! Please pay careful attention: there is no existing pass that will allow you to drive through Moena on this road. Remember this during your holiday with us!

**SUGGESTION:** do not turn immediately into the hotel, but continue for a further 50 m, where you will find a small roundabout that will allow you to turn round and enter the hotel more comfortably.

And there's the Hotel Zirmes, where you arrive as a guest but leave as a friend!
